

# EXPERT'S CHOICE SAFETY BLEND

## SNOW & ICE MELTER

Expert's Choice SAFETY BLEND is a blend of liquid Mag Chloride and traditional Rock Salt. The rock is a mix of 20% Fine 40% Mid and 40% Coarse grade. This enables it to provide maximum particle coverage per sq ft applied. Designed to clear ice and snow fast, and effectively.

- Penetrates fast to break through ice and snow's bond with pavement.
- Melts faster and longer than traditional melting salt at a lower cost than most premium blends on the market.
- Colored Safety Orange to provide maximum application visibility.
- Scientifically proven to be effective in temperatures as low as  $-5^{\circ}\text{F}$ .

Available in 50# Bags, 49 per skid
